To Gramophone Lovers

THE IMPERIAL Records are produced by processes which we, as pioneers of the disc record, alone control.

Tonal purity and fidelity of reproduction are superb in Imperial Records. The nuances of voice or instrument are rendered with a delicacy and feeling which delight the ear, and with the wide range of all classes of music—both vocal and instrumental—to choose from, Imperial Records can provide all that is required in gramophone entertainment.

In presenting this complete catalogue, we do so with a full sense of our responsibilities to the music-loving public.

Highest Quality- at the Lowest Price

THE low price of Imperial Records is the only thing about them which is cheap.

Large output by means of special plant and processes developed as a result of long experience, enables us to market good records at prices which allow the owner of a gramophone to have a wide repertoire of music to choose from.

Imperial Double-Sided Records are obtainable at considerably below the price of competing makes, and the pleasure of owning a gramophone can therefore be doubled without increased expenditure.
